Activities you like doing

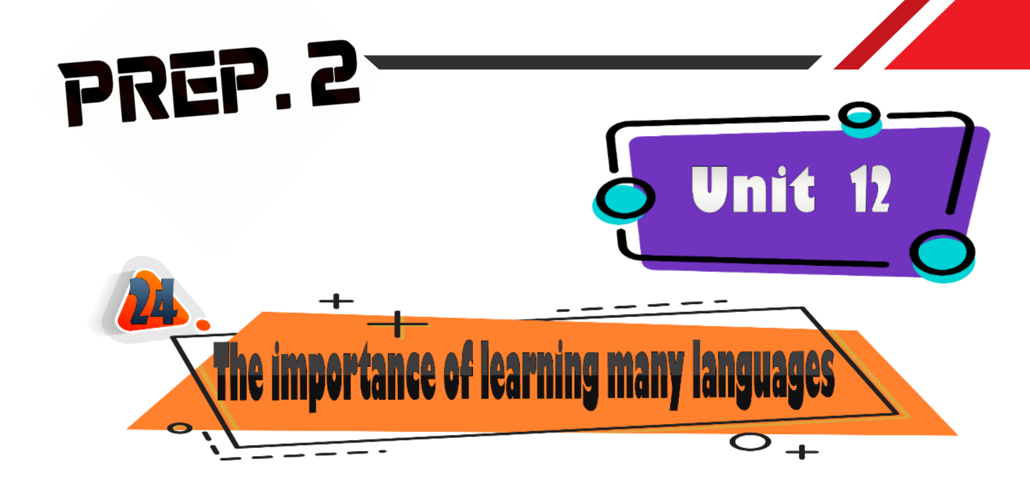

I love nature very much. In my free time, I like to go to the park. I enjoy walking and watching trees, birds, clouds and animals. I enjoy seeing and smelling flowers. I also like taking pictures for nature. That's my favourite activity in my free time. Nature is full of amazing scenes. I feel very happy when I am at the park. In Cairo, there are many beautiful parks. Al-Azhar Park is one of the biggest parks in Egypt. It's a very beautiful place to spend time in. I recommend visiting it. It's really wonderful. You can do many activities there.

Helping the environment

Our natural environment gives us everything that we need. We get air, water, food, and many other things from the environment. We can save the environment by making sure that we take care of the nature. We should save water. Water is very important in our environment, so we should never pollute water. We can recycle many things instead of throwing them away. Trees are good for the environment and help reduce air pollution. We should plant more trees. This will help to improve the size of natural places for animals. We should teach our children to look after the environment.

Learning other languages is very important. It is a form of communicating with other nations because we never understand the other countries without knowing their languages. There are many reasons why learning a new language is a good idea. It helps you to communicate with new people. It helps you to see things from a different view, or understand other cultures. It helps you to become a better listener. It helps you to understand both your home and the world better. It also gives people different identities. It connects you to an international community.

25. How to learn a new language

It's very important to learn a new language, but learning a new language is not easy. You must learn and then have a lot of practice. Good language learners practise the language they learn every day inside and outside school. They read, write, speak and listen to it. They find people to speak to, watch programs in English language. They can practise it by chatting with people from other countries on the internet. When they don't understand a word, they try to know its meaning by looking it up in a dictionary. It's very important to listen to the correct sound of a word and repeat it aloud.

26 The importance of learning English

Learning a foreign language is not easy. Some people don't like learning a foreign language for this reason. Lots of people all over the world are learning English for different reasons. It is the most widely spoken language in the world. A tour guide needs to use English when he speaks to tourists from different countries in the world. Businessmen need to use English because they travel to many countries. People who work with computers need to know English because they do a lot of work on the internet which is like a bank of information. Students also need to learn English.

27 My future job

I am pleased to write to you about my future and what job I'd like to do when I'm older. After finishing the university, I want to be a scientist so I can study science. Science is my favourite subject. I dream to invent a new robot. And that robot can help us a lot. I like to do experiments at the laboratory. I think it is an exciting job. The world always changes and needs more technology and inventions to help us live easy and better life. Write to me about your future job.

28 Forms of communication

Now, there are more forms of communication than in the past. Technology gave us different and new forms of communication. We all now have phones and we use them to make phone calls and text messages. More than this, some of people have smartphones which make them able to communicate with people in far places easily and for free. Smartphones have apps that can help you to calf, text and even see anybody. In the future, maybe we will have phones that can read our facial expressions before they send messages.

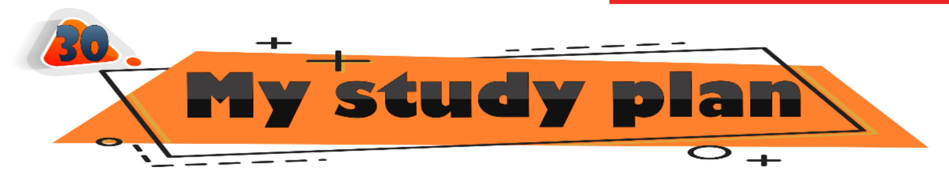

29 Your hobby & Reading

Reading is my favourite hobby. It's very useful and interesting. It gives us a lot of information. It feeds our minds. It makes us happy. Reading increases our knowledge. A good book is a good friend. I like reading very much. I practise it in my free time. I also practise it at school. My parents help me a lot. It helps us to know more information about the world. We go to the library to borrow useful books. We also download books from websites and read them on the laptop. I advise all people to read every day.

We are all different. So, everyone has his plan to study and a way that he can use to learn best. We can make flashcards of words that we need to remember. We can also write the words in context. So you can see how it works with other words. We can learn English language from TV programmes or films and search for unknown words. We can read stories if we like reading. That's the best way to learn new words. Learning with others is more fun. So, you can work with a friend and try to discuss and test each other.

The importance of inventions

Inventions are very important because they make our life easier and better. I think scientists will invent new headphones, which can translate any languages into your language. I also think they will invent a new machine that can push you into the air at the speed of a fast car. It's half-motorbike and half-helicopter. They will probably invent a new jacket. It uses an app to make you warmer when the weather is cold. There will be new roads that can change roads into solar panels. These roads use strong glass that you can drive on and make electricity at the same time.

Online shopping

Some people think shopping online is great. They think it saves time because they don't spend much time travelling to the shops. They can stay at home and buy anything they want in a few minutes. They think that they have many choices online. In their view, shopping online will make fewer cars on the streets, so there will be less pollution. On the other hand, some people don't like shopping online. They say they always have a wrong delivery when they shop online. They don't like to waste time waiting for a delivery. They prefer to try things and see materials before buying them.

Your favourite snack
Your favourite recipe & food

We like to eat snacks. They are delicious and light. I love hawawshi. It is my favourite snack. I often have it when I get home from school. It is easy to make. First, you need some nice bread. Then you put some meat and vegetables inside the bread. You can put some salt on it, too. I don't like to have any salt because it is not very healthy. Now you cook it in the oven. It is delicious! My mother makes nice hawawshi for me when she has more free time. Hawawshi is healthier when mum makes it at home. Do you have any favourite snacks?

Healthy food & Healthy diet

If you want to be healthy, you should be careful about what you eat. Not all kinds of foods are healthy. Fast food isn't healthy food as it has a lot of sugar, fat and salt. Fruits and vegetables are very healthy food. They have a lot of vitamins and natural sugar which are good for your body. Dairy products like milk and cheese are very useful. They help us to have strong bones. Meat and nuts have protein in them, so we need them to have a strong body. To conclude, we should have healthy diet to live longer and healthier.

The dangers of technology & Problems with technology

Technology has made our life easier and better. Although it's hard to live without modern technology, it can be bad for your health. Many people text, check social media or watch videos online late into the night. Then they don't get enough sleep. If you spend a lot of time on screens, you can have eye problems and headaches.
Listening to loud music or films through headphones can damage your hearing. Many people spend hours playing video games or watching TV. They don't spend enough time outside doing exercise. If you don't become addicted to technology, you will be fine.

Difficulties that disabled people have

We see disabled people around us. There are blind people who can't see. There are deaf people who can't hear. There are some people who can't walk. They are useful to our country. Some of them do important jobs. Try to help disabled people. Do not leave bags on the floor on public means of transport. Tell a blind person about objects on the street. Shout at a person if you think they can't hear you. Ask a person in a wheelchair if they need help. We should all treat them as normal people like us

The environment

Our natural environment gives us everything that we need. We get air, water, food, and many other things from the environment. We can save the environment by making sure that we take care of the nature We should save water. Water is very important in our environment, so we should never pollute water. We can recycle many things instead of throwing them away. Trees are good for the environment and help reduce air pollution. We should plant more trees. This will help to improve the size of natural places for animals. We should teach our children to look after the environment.

Egyptian linen and cotton

Egypt is famous for growing crops to make material. The Ancient Egyptians grew plants by the Nile to make linen. They used it to make clothes. Today, Egyptian cotton is famous all over the world because it is very good. The climate and soil in Egypt are perfect for growing cotton. It is often used to make luxury clothes and things for homes. There area lot of people working in the cotton industry. They still use water from the Nile for the crops. Cotton uses a lot of water and chemicals to grow. However, the government is trying to help farmers to protect the environment and use less water

A review of a museum/a visit to the museum

Egypt has many famous and interesting museums. There are new and ancient museums in Egypt, but I prefer the ancient ones. I visited the Textile Museum in Cairo. I liked it very much. You can see many arts there. The museum has lots of clothes from different times in history I thought the clothes from Ancient Egypt were fantastic. You can know a lot of information about life in the past from the statues there. My favourite thing was the Islamic area where you can see different kinds of calligraphy. If you want to take photos, it is a good idea to take a good camera, because the museum is quite dark
